EVERY LUXURY.
EVERY INDULGENCE.
EVERY THRILL.
EVERY SENSE.
WHATEVER BE YOUR DESTINATION.
WHATEVER BE THE ROAD.
EVERYTHING X EVERYWHERE

THE NEW BMW X3.

ALWAYS AHEAD OF THE TREND.

Thanks to sporty, tight surfaces and iconic highlights on the exterior as well as a unique connection of athleticism and comfort in the interior, the new BMW X3 shows you

where you're heading – and will be the first to confidently get to the destination.

A CLEAR MESSAGE: THE FRONT.

Even from the front, the dynamic presence and typically focused expression of the new BMW X3 are thrillingly obvious. Tight, ample surfaces in vehicle colour powerfully extend around the central icon – BMW's characteristic radiator grille. At the same time, traditional X elements create an incomparable feeling of liberty that is intensified further by sporty details. Simply put a character that immediately expresses the urge for daily adventures – the new BMW X3.

■ Particularly **slim headlights** intensify the striking look of the new BMW X3 onto the road ahead. Equipped with full LED technology guarantee optimum illumination of the road.

■ Appealing icon: the large **BMW double radiator grille** is encased by a single-part frame. Its striking, angular design towards the top clearly indicates the appealing self-confidence that characterises the new BMW X3.

■ Standard equipment □ Optional equipment

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary.

SPORTINESS MEETS SOLIDITY: THE SIDE VIEW.

A perfect balance of all qualities that characterise the new BMW X3 from the side and make it seem so fascinating. Tight, ample surfaces particularly emphasise the typical proportions of a BMW X. Its dynamic outline already triggers anticipation for the next invigorating driving experience at first glance.

The new BMW X3 has a wide, confident stance. This impression is further enhanced by pronounced, horizontal lines. The underide protection also emphasises the modern, reduced design language from this perspective: it frames free-form tailpipe trims as part of a three-dimensional impression and lends the new BMW X3 a clear conclusion towards the road.

POWERFUL STATEMENT: THE REAR.

■ The rear lights with full LED technology make the rear view of the new BMW X3 seem even sharper. The distinctive, three-dimensional modelling of red areas with integrated turn indicators additionally underlines the presence of the rear end.

■ Standard equipment □ Optional equipment

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary.

A noticeable sporting character combined with a clear orientation towards the driver and cutting-edge elegance – take a seat in the new BMW X3 and immediately enjoy that pleasant feeling of being in full control and having a complete overview. Ample decor and clearly structured control and information elements will set your heart racing as soon as you have taken your comfortable seat in the focus of the action.

■ Always the best seats: the **sport seats** in the new BMW X3 feature the most recent Sensatec generation upholstery. Its refined structure generates an extremely pleasant haptic perception while the material's perforation guarantees ideal seat ventilation – even when the thrilling driving experience sends your heart racing.

□ The Controller with integrated **air conditioning control panel** harmoniously integrates into the centre console featuring a **12.3" information display** to guarantee a perfect overview – High-grade, galvanised elements, for instance around the fresh air vents, represent elegant highlights and emphasise the sporty, horizontal lines of the interior equipment.

ATHLETIC AESTHETICS: THE INTERIOR.

FREEDOM BEGINS WITH CONNECTION.

Leave everything behind – but stay connected with what is important to you: comprehensive connectivity and infotainment functions in the new BMW X3 guarantee

that you can easily and seamlessly bring your digital life into the vehicle and are provided with the support you need at any time – regardless of where you are heading.

□ Always intelligent by your side: The **BMW Intelligent Personal Assistant** not only has all the answers to any question about the new BMW X3, it can also be operated particularly intuitively thanks to extended language functions to guarantee that you will absolutely feel good in the new BMW X3 from the outset.

□ The **BMW Live Cockpit Professional** is where everything comes together. This innovative display cluster consists of a high-resolution 12.3" central information display as well as a fully digital 12.3" multifunctional instrument display that can be controlled very intuitively, for instance by voice control or using the iDrive Touch Controller.

EVERYTHING UNDER CONTROL. WITH CERTAINTY.

The new BMW X3 is always by your side to also reliably support you in challenging driving situations. An intelligent combination of sensor system, driver assistance systems

and safety technologies make sure you feel perfectly comfortable during every trip and master any situation with superiority.

□ The innovative, **Parking Assistance Plus** combines driving technologies in a comprehensive assistant for any trip: it combines both active and passive safety systems including parking assistant function to facilitate both parallel and perpendicular parking. The Reversing Assistant supports you when reversing out of narrow lanes. Surround View includes rear view camera with Panorama View, Top View and 3D View.

DYNAMICS UNLIMITED.

Sparks a passion every time it accelerates, over and over again: the new BMW X3 impresses with absolute driving pleasure from the first metre. Accurate turn-in ability, superior power development and invigorating agility merge

to form typical BMW handling that turns into the ultimate driving pleasure experience, also thanks to the vehicle's unique efficiency – regardless of the route you choose.

■ Standard equipment □ Optional equipment

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment.

EQUIPMENT HIGHLIGHTS.

□ The Instrument panel in Sensatec lends the interior of the vehicle a highly exclusive atmosphere. The artificial leather is applied directly to a semi-rigid foam, and features an impressively soft surface. The wear-resistant material around the door panels on the front and rear features attractive double-lap seams.

■ When open, the Panorama glass roof provides a great deal of fresh air. Closed, it creates a bright, light-flooded atmosphere in the interior. It opens and closes completely automatically at the push of a button or with the vehicle key, and is equipped with slide and lift functions, roller sunblind and wind deflector.

□ Harman Kardon surround sound system with 464-watt digital amplifier, nine channels, vehicle-specific equalizer and 16 speakers.

■ The adjustable Sport seats for the driver and front passenger feature numerous adjustment options, including fore-and-aft position, and the backrest and seat angle. Thanks to larger seat and backrest bolsters, and well-defined side bolsters, they provide excellent ergonomics and a high degree of lateral support.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your nearest BMW Authorised Dealership.

EQUIPMENT HIGHLIGHTS.

□ The BMW Live Cockpit Professional with navigation function includes two high-quality displays consisting of a high-resolution 12.3" Control Display that can be operated by touch and a fully digital 12.3" instrument display. The BMW Operating System 7 can also be operated via the iDrive Touch Controller.

□ Wouldn't it be incredible if your BMW was also your personal vehicle expert? Communicate with your vehicle using the BMW Intelligent Personal Assistant. Say natural commands to operate numerous vehicle functions. It can also explain topics about your vehicle and helps you to get to know your BMW even better.

■ Why go without the features of your smartphone in your BMW when you can continue operating it as usual? With smartphone integration¹, your vehicle supports Apple CarPlay and Android Auto by means of a wireless connection between your smartphone and the vehicle. This allows you to conveniently use familiar functions and various apps in the vehicle.

■ During planning and preparation, while driving and even while parking: BMW Maps guarantees you an outstanding navigation experience. Make your journey even more comfortable and personal – thanks to the intuitive operation and navigation perfectly tuned to the driver.

■ Standard equipment □ Optional equipment

¹ Smartphone Integration is permanently available in the vehicle. It includes Apple CarPlay and Android Auto. Android Auto linking is only possible in conjunction with a BMW Live Cockpit. Due to possible future technical developments (e.g. of mobile phones), the usability of the Apple CarPlay or Google Android Auto service cannot be guaranteed permanently. CarPlay is a trademark of Apple Inc. Android Auto is a trademark of Google LLC.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. EQUIPMENT HIGHLIGHTS.

■ The Parking Assistant² makes parking the vehicle easier. The Reversing Assist Camera and Reversing Assistant support the driver when reversing. Active Park Distance Control offers increased protection against damage caused by parking. Parking Assistant parks the vehicle automatically, parallel or perpendicular to the street, and leaves parallel parking spaces.

□ The Parking Assistant Plus² makes parking and manoeuvring the vehicle easier. The equipment package features the Surround View system Active Park Distance Control and the Parking and Reversing Assistant. The Surround View system makes parking easier by making the area around the vehicle visible with Top View, a Panorama View with automatic activation as well as a 3D View on the Control Display. You can see the parked vehicle's surroundings even from a distance, using Remote 3D View on your smartphone. When parking manually, additional sensors monitor the areas on the sides of the vehicle and obstacles are represented on the Control Display. The Active Park Distance Control emergency brake function helps prevent collisions during reverse parking. Parking Assistant parks your BMW automatically in parking spaces that are parallel or perpendicular to the street, and can also leave parallel parking spaces automatically. The system measures potential parking spaces while driving slowly past them (at speeds below 35 km/h) and at a maximum distance of 1.5 m from the row of parked vehicles. Once a sufficiently sized parking space has been found, you just need to turn on the indicator and the Parking Assistant takes over the steering, and covers gear selection and acceleration. All you need to do is monitor the parking process. If you have driven a route forwards while manoeuvring, Reversing Assistant records up to 50 m of this route so that it can drive back the same route on request.

■ Standard equipment □ Optional equipment

² The driver is responsible for constantly monitoring the automated parking procedure in accordance with local road laws. The availability of some equipment, functions, and digital services depends on engine

variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your nearest BMW Authorised Dealership.

□ Metallic Sophisto Grey Brilliant Effect

□ Metallic Black Sapphire

□ Metallic Phytomic blue

□ Metallic M Brooklyn Grey¹

□ Metallic M Carbon Black¹

■ Standard equipment □ Optional equipment

[Colour samples] These colour samples are intended as an initial guide to the colours and materials available for your BMW. However, experience has shown that printed versions of paint, upholstery and interior trim colours cannot in all cases faithfully reproduce the appearance of the original colour. Please discuss your preferred colour choices with your BMW partner or in your dealership. There you can also see original samples and be assisted with special requests.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your nearest BMW Authorised Dealership.

INTERIOR COLOURS.

UPHOLSTERY COLOURS

□ Sensatec perforated Canberra Beige with extended features

□ Sensatec perforated Cognac

INTERIOR TRIM FINISHERS

□ Interior trim finishers black high-gloss with highlight trim finisher Pearl Chrome

□ Interior trim finishers Aluminium fine cutting with highlight trim finisher Pearl Chrome

■ Standard equipment □ Optional equipment

¹ Only available for M Sport package.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your nearest BMW Authorised Dealership.

Please note that even normal long- or short-term use can lead to unrecoverable upholstery damage. This can be caused in particular by non-colourfast clothing. Please note that the interior colour depends on the selected upholstery colour.
